

This is truly an unusual event: the star of the show is a 9-year-old child, and the sole purpose of the show is for our children. Hence we name this charity concert: From Children to Children. Your generous donations may transform into pencils and textbooks, or desks and chairs in a classroom of rural China. Proceeds from your tickets may become a few more nights' stay at the Children's Inn of NIH, so families with terminally ill children can spend more time together. What you give may not seem that much individually, but together, WE CAN MAKE A DIFFERENCE in a child's life! Let's act now: for our children, for our future, and for a better world!
